Attendance Tracker Enhancements

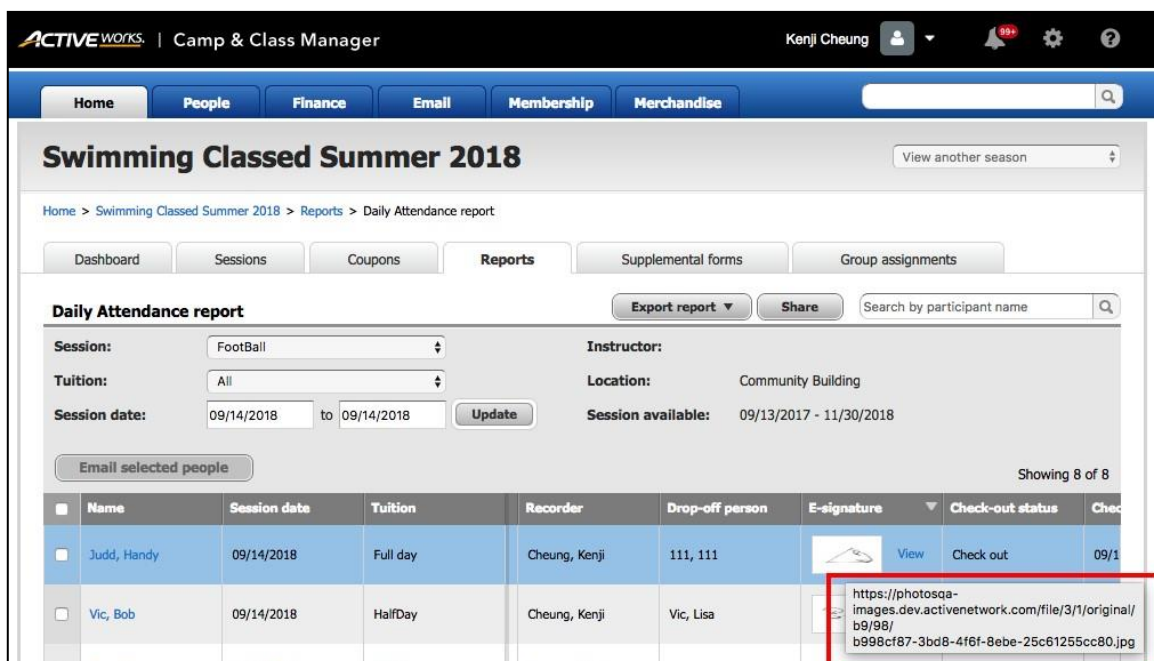

Session viewing for users who are both System users and Instructors

In the Attendance Tracker, a user who is both a **System user** and an **Instructor**, but with different restricted sessions for each role can now view all sessions for which they have permission in either or both roles.

Disable e-signature and photo URL tooltips

For security, when hovering the cursor over a **Daily Attendance Report > E-signature** field or custom report > **Photo** field, the tooltip which displays the image address has been disabled.

Location: **Home** tab > **Seasons** > a season > **Reports** > **Daily Attendance Report** > **E-signature** column

The screenshot shows the ACTIVE WORKS Camp & Class Manager interface. The main heading is "Swimming Classed Summer 2018". Below it, the breadcrumb trail is "Home > Swimming Classed Summer 2018 > Reports > Daily Attendance report". The "Daily Attendance report" section includes filters for Session (Football), Tuition (All), and Session date (09/14/2018 to 09/14/2018). The "Instructor" is Kenji Cheung, and the "Location" is Community Building. The "Session available" period is 09/13/2017 - 11/30/2018. A table of attendance records is shown, with columns for Name, Session date, Tuition, Recorder, Drop-off person, E-signature, Check-out status, and Check-out date. The table shows two records: Judd, Handy and Vic, Bob. A tooltip is visible over the E-signature column for the participant "Vic, Bob", displaying a URL to a photo: <https://photosqa-images.dev.activenetwork.com/file/3/1/original/b9/98/b998cf87-3bd8-4f6f-8ebe-25c61255cc80.jpg>.

Location: **Home** tab > **Seasons** > a season > **Reports** > a custom report or **New custom report** > **Photo** column

Merchandise Variants Enhancements

SSUI: Merchandise variant remaining quantity warning message

In the SSUI **ADD PURCHASE** workflow, for merchandise variants, the **Only** [remaining quantity] **left** warning message now appears if the remaining quantity is 50 or less, instead of 20 or less:

The screenshot displays the SSUI **ADD PURCHASE** workflow. A modal titled "Item Information" is open, showing details for a "T-shirt" priced at "\$50.00". The modal includes a t-shirt image, a "Color: Red" dropdown, a "Size: XXS" dropdown, and a "Print: Flower" dropdown. Below these, there is a quantity selector with a minus button, a "1" in the center, and a plus button. A red box highlights the text "Only 21 left" below the quantity selector. An "ADD" button is visible to the right of the quantity selector.

The background shows the "ADDITIONAL PURCHASES" section with a table listing items and their prices. The table has columns for "ITEM", "QTY.", and "PRICE".

ITEM	QTY.	PRICE
SESSION OPTIONS		
<input type="checkbox"/> Pickup	1	\$10.00
<small>You have purchased this item.</small>		
<input type="checkbox"/> Lunch	1	\$10.00
MERCHANDISE		
<input checked="" type="checkbox"/> T-shirt	1	From \$50.00
Your selections		
Red / XXS / Flower	1	\$50.00
<small>Only 21 left</small>		

The "CONTACT INFORMATION" section on the right includes the "the Life" logo and contact details: "Visit Website", "1-800-123-1234", and "public@public.com".

Miscellaneous Enhancements

Send account invitation email from most recently registered agency

For consumers who have an account that was never activated (never replied to the invitation email) under an old Agency, if they are registered under a new Agency, then they are now sent invitation emails branded for the new Agency, instead of for the old Agency.

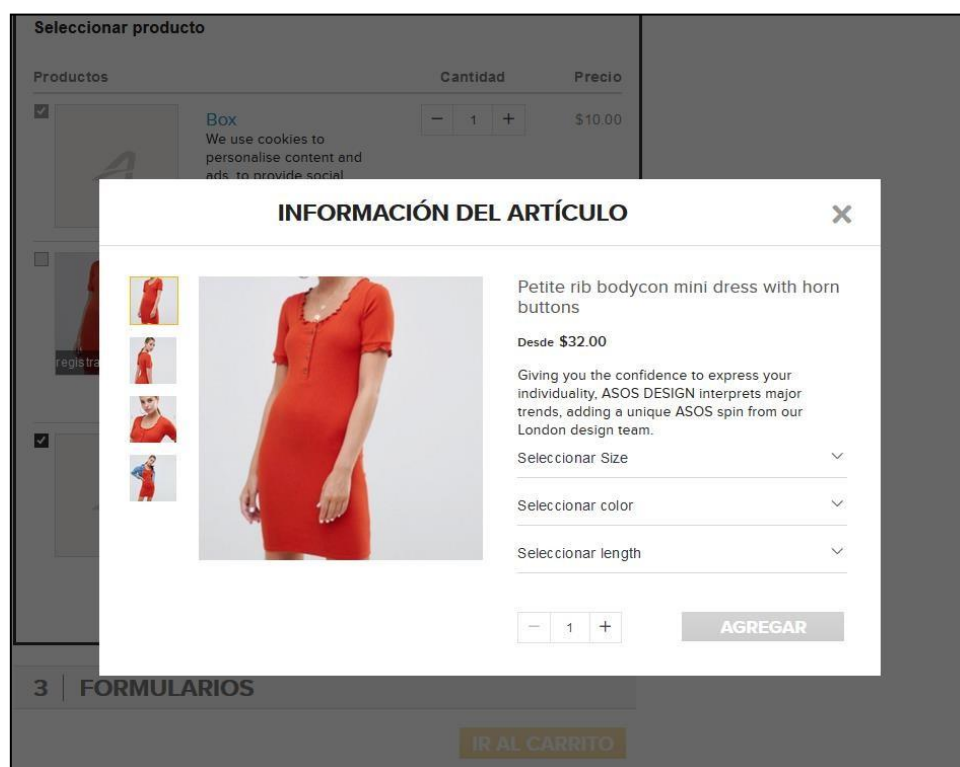

Access Sessions and Report containing custom reports created by a deleted user

Agency users can now open **Reports** and **Sessions** that contained custom reports originally created by a user who has been deleted.

Location: **Home** tab > **Seasons** > a season > **Sessions** and **Reports** links

CUI and SSUI translations for Merchandise aggregation and Merchandise fulfilment features

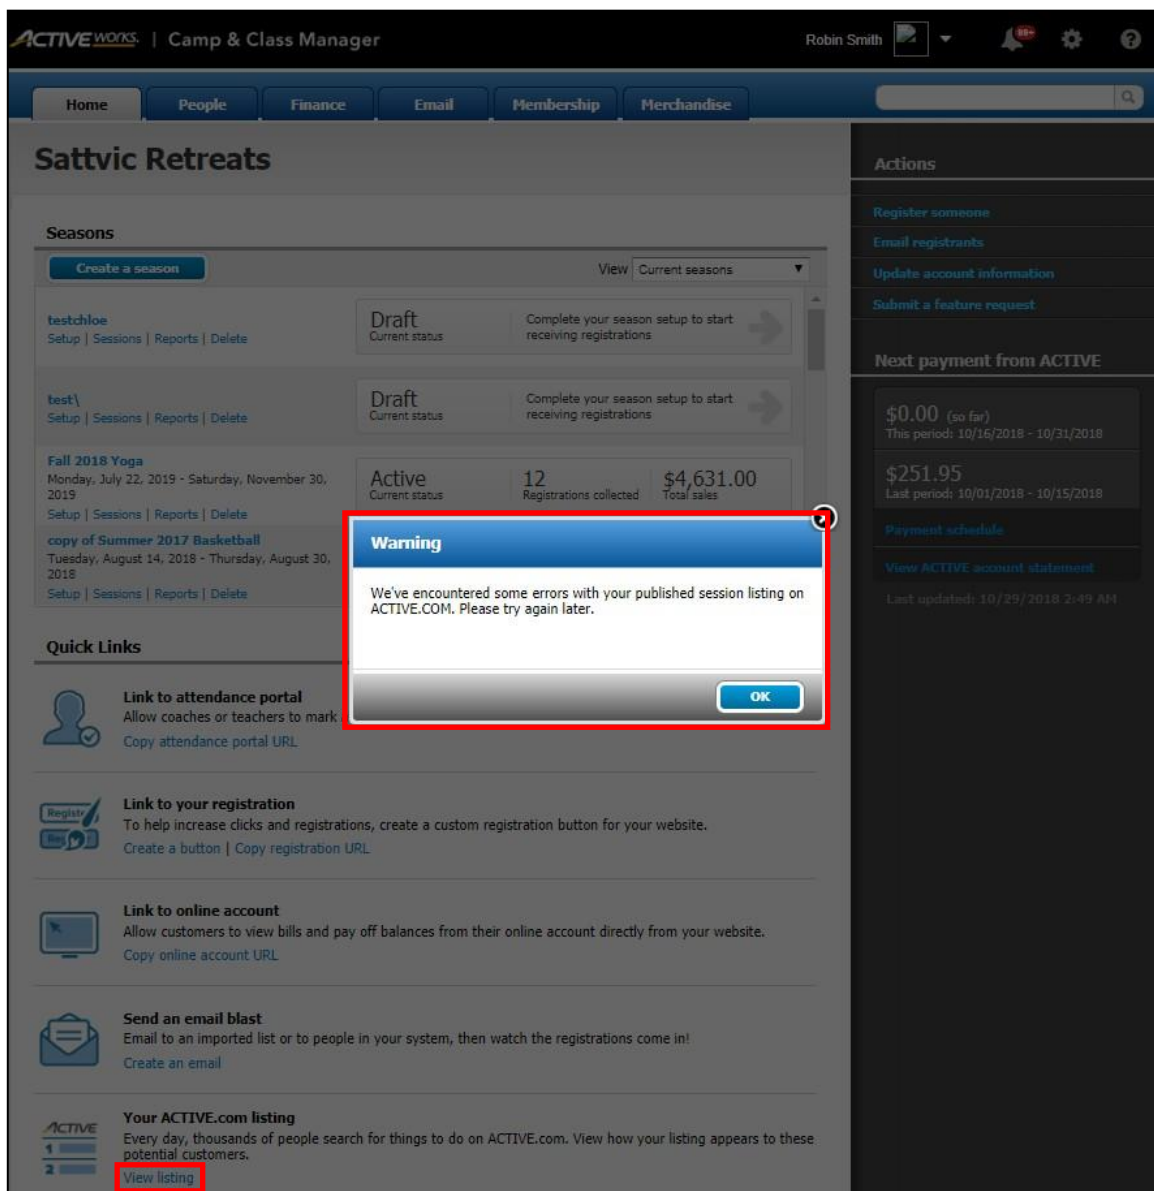

In the CUI and SSUI, Consumers can now view Merchandise aggregation and Merchandise fulfilment features in any of the supported languages:

ACTIVE.com listing failure error messages

In the AUI, when Agency users click the **Home** tab > **Quick Links** > **Your ACTIVE.com listing** > **View listing** link and there is an error with their ACTIVE.com listing, then one of the following error messages is displayed, depending on the error:

- Your organization must have at least 3 active sessions to be able to publish them on ACTIVE.com. Please try again after you have 3 active sessions.
- Newly-published sessions will be listed on ACTIVE.com from 6:00 a.m. on the coming Monday.
- Complete location information for your organization is required before it can be published on ACTIVE.com.
- We've encountered some errors with your published session listing on ACTIVE.COM. Please try again later.

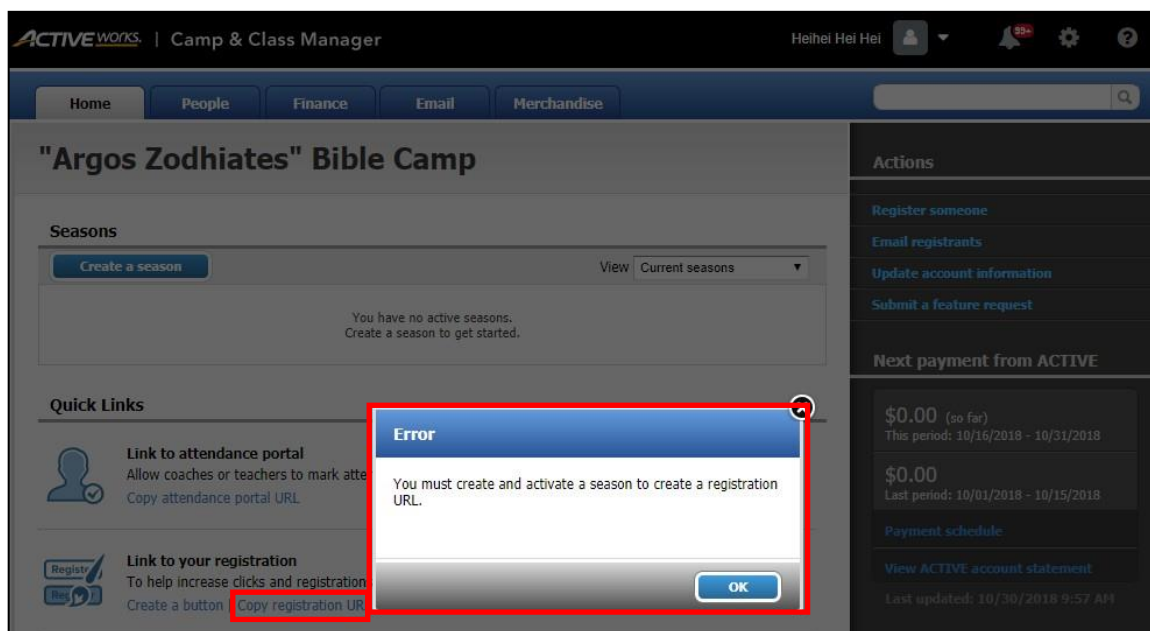

The screenshot shows the ACTIVEworks Camp & Class Manager interface. The user is logged in as Robin Smith. The interface includes a top navigation bar with tabs: Home, People, Finance, Email, Membership, and Merchandise. The main content area is titled "Sattvic Retreats" and displays a list of seasons. A warning message is overlaid on the screen, stating: "Warning: We've encountered some errors with your published session listing on ACTIVE.COM. Please try again later." The warning message has an "OK" button. In the bottom right corner, under the "Your ACTIVE.com listing" section, the "View listing" link is highlighted with a red box.

Prevent copying of registration URL when no active seasons

If an Agency has no **Active** seasons (no seasons have been configured or all seasons are either **Draft** or **Complete**), then Agency users can no longer copy the registration URL.

Location: **Home** tab > **Quick Links** > **Link to your registration** > **Copy registration URL** link
