User Defined Session Option Price.....	3
Apply Coupons to Tuitions and/or Session Options	4
Conditional Questions in Follow Up Forms	4

Release Summary

The purpose of this Release Notes document is to provide a brief, educational summary of the items updated or added in this product release.

Besides providing this document, we will also update existing documentation in the Help Center to show updated workflows. If you have additional questions about this release, please contact the Support team.

Release 7.2 is comprised of product updates on configuring session options and coupons. It is now possible to set up a session option where the price may be adjusted by customers as needed. For instance, organization users can utilize this option to allow customers to make a donation, or purchase camp store credits.

In addition, coupons can be configured so that they may apply to tuitions only, session options only, or both tuitions and session options.

Conditional questions can be set up on follow up forms as well. This will allow organizations to collect more information from customers based on answers they provide.

Enhanced Product Features

User Defined Session Option Price

Organization users can now configure the price of a session option to be editable to greater or less than the default price by registrants on Registration forms and Online Accounts. This feature can be used to allow customers to make Donations at the time of registration.

Set Up User Defined Session Option

To Create a Session Option that can be User Defined:

1. Go to **Setup**
2. Select **2. Sessions**
3. Click on name of session
4. Under **Session options**, create a session option
5. Click **Edit Details**
6. Check **Allow user-defined amount** box
7. **Save**

Note: Selecting the **Allow user-defined amount** checkbox automatically disables the **Allow this option to be purchased in quantities** checkbox.

Update the session option for this session.

* Session option name: Donation

* Price: \$25

Allow user-defined amount

Description: [Text Area]

Session option type: Select one

Display type: Normal

Display condition: Always display

Question condition: No condition

01/04/2017 - 12/31/2017

Canada2

Price: \$20.00

Who are you registering?

* Person: John Doe Edit

Session options	Qty.	Price
<input checked="" type="checkbox"/> Donation	1	\$ 25

Merchandise items

	Qty.	Price
<input type="checkbox"/> Advanced Textbook	1	\$72.00

Apply Coupons to Tuitions and/or Session Options

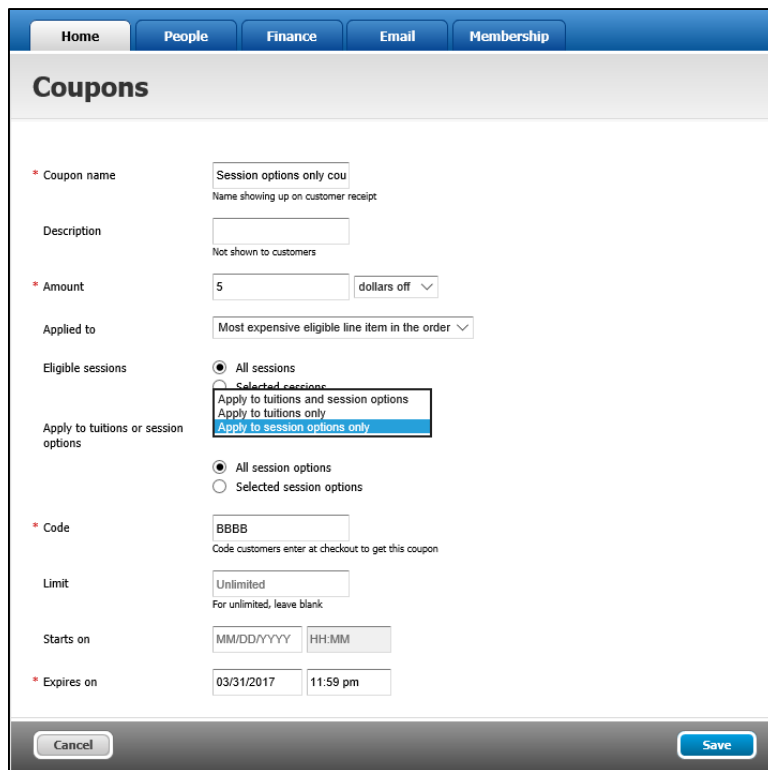

Coupons can now be configured to apply to one of the following:

- Tuitions and session options only
- Tuitions only
- Session options only

If Organization users configure coupons to only apply to session options, they can then select which session options the coupon applies to.

Configure Coupon Application:

1. From **Home** page, click season name
2. Navigate to **Coupons** tab
3. Click on **New coupon** button
4. Enter required information
 - Coupon name
 - Amount
 - Code
 - Expires on
5. Select an option from **Apply to tuitions or session options** dropdown
6. **Save**

Conditional Questions on Follow Up Forms

Conditional questions can be added to a supplemental follow up form that is filled out after registration. These questions will only appear on the form if the registrant selects a specific answer to another custom question on the form.

To Set Up Question with Question Conditions:

1. Go to **Setup**
2. Select **6. Registration forms**
3. Click **Add** under **Supplemental forms**
4. Select **Type: Follow up form**
5. Find question needing conditional display
6. Select **Edit** on right of question
7. Select **Condition** tab
8. In **Only show when** drop down, select question
9. In **Equals value** drop down, select appropriate answer
10. Select **Apply**
11. **Save**
