ACTIVE Captivate for Camps and Class Manager Release Notes

Release Date   November 14, 2023

Contents

ACTIVE Captivate Instructor iOS app: Display scheduled notification time zone

The ACTIVE Instructor iOS app **Notifications** > **+** icon or (**Drafts/Scheduled** tab > a notification) > **Send later** date and time now indicates the corresponding time zone, which is the time zone configured for the ACTIVE Captivate organization (viewable in the ACTIVE Captivate Portal > organization name), NOT the time zone of the device on which the Instructor app is running:

ACTIVE Captivate Consumer Android app: Display tuitions

In the ACTIVE Captivate Consumer iOS app, on the session detail popup and geolocation check-in popup, consumers can now see the corresponding tuition:
