ACTIVE Captivate Portal and Instructor apps: Saving a scheduled notification as a draft

Staff users can now save a scheduled notification as a draft (and temporarily suspend sending of the notification at the scheduled date/time) by clicking/tapping the:

- ACTIVE Captivate Portal > **Front desk** > **Notifications** > **Create a notification** button or (**Scheduled** tab > a notification >  icon) > **Save as draft** button.
 - Staff users can continue to send the notification on the scheduled date/time by clicking the **Send later** button.

The screenshot shows the 'Create a notification' interface in the ACTIVE Captivate Portal. The left sidebar contains a 'Front desk' menu with options like 'Notifications', 'Customer management', 'Activity setup', 'Facility setup', 'Equipment setup', 'Challenges', and 'General'. The main content area is titled 'Create a notification' and includes the following fields and options:

- Type:** Radio buttons for 'Push Notification' (selected) and 'Banner Notification'.
- Subject:** A text input field containing 'test'.
- Message:** A rich text editor with a toolbar (bold, italic, list, link, unlink) and a text area containing 'test'.
- Preview:** A button to preview the notification.
- Schedule:** Radio buttons for 'Send now' and 'Send in the future' (selected). A 'US/Pacific' time zone selector is visible next to 'Send in the future'.
- Date:** A date input field showing '11/30/2023' with a calendar icon.
- Time:** A time input field showing '00:00:00' with a clock icon.
- Buttons:** At the bottom, there are three buttons: 'Cancel', 'Save as draft' (highlighted with a red box), and 'Send later'.

- ACTIVE Captivate Instructor iOS/Android app > **Notifications** > **+** button or (**Scheduled** tab > a notification >  icon) > **Save as draft** link.
 - Staff users can continue to send the notification on the scheduled date/time by tapping the **Send later** link.
