People tab user experience enhancement .....	3
ACTIVE account statement (AAS) report: display prefund adjustments .....	3
<b>Fixed Issues .....</b>	<b>5</b>
<b>Known Issues .....</b>	<b>6</b>

### Enhancements

#### People tab user experience enhancement

In the AUI > **People** tab:

- Data is now progressively displayed in different sections as soon as it is loaded. Sections which have not finished loading are now greyed out and flash until the data is loaded and displayed.
- Agency users can now navigate away from the **People** tab without waiting for the entire page to finish loading.

#### ACTIVE account statement (AAS) report: display prefund adjustments

In the AUI > **Finance** > **Reports** > **ACTIVE account statement** (AAS) report, agency users can now view prefund amount adjustments and transactions.

- The **Other** section > **Prefund adjustments** is the net change in the prefund amount during this **Statement time period** (it is the sum of all **Prefund credits** and **Prefund debits** during this **Statement time period**).
- The **Detailed Report** > **Other** tab lists **Prefund credit** and **Prefund debit** transactions with **Descriptions** of **Prefund deposited** or **Prefund withdrawn** respectively.

Note: at the end of a **Statement time period**, any remaining prefund amount is carried over to the next **Statement time period** by issuing:

- A **Prefund debit** transaction in the old statement time period.
- A **Prefund credit** transaction in the new statement time period.
