# Camp and Class Manager Release Notes

## New features

### Waitlist session filter enhancement

The **Waitlist automation** feature allows for the automatic emailing of registration invitations to registrants on the waitlist when a spot becomes available.

In the previous release of the **Waitlist automation** feature, agency users could only filter sessions (in the season homepage > **Waitlist** > **Session** dropdown) by session name.

In this release, agency users can now click **Edit** and filter sessions by a date range, Location and keywords in a search box:

**Teresa's school** View another season

Home > Teresa's school > Waitlist

Dashboard Sessions Coupons Reports Supplemental forms Group assignments **Waitlist**

**Waitlist** Export report Search

Session MS Office **Edit** Tuition All tuitions Showing 6 of 6
