New features

Supplemental forms: Email all

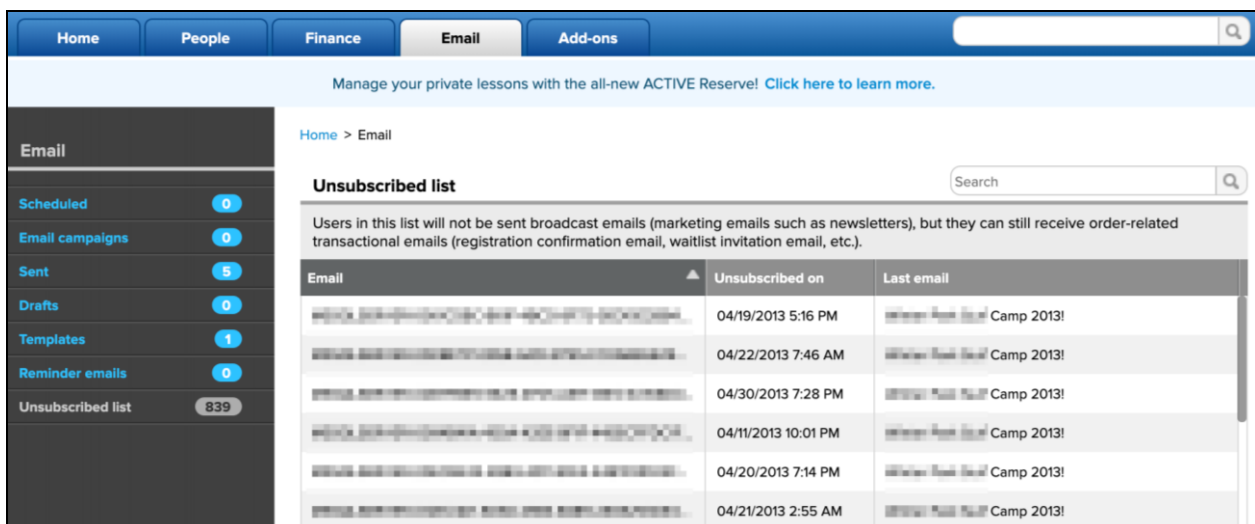

In the season home page > **Supplemental forms** tab, agency users can now send emails to all participants by clicking the **Email all people** button:

Emails: new Unsubscribed list tab

Agency users can now view and search for unsubscribed customers in the **Email** tab > **Unsubscribed list**. Users in this list will NOT be sent broadcast emails (marketing emails such as newsletters), but will STILL be sent order-related emails such as registration confirmations, waitlist invitations, etc. The **Unsubscribed list** includes the:

- **Email:** the email address of the customer who received a broadcast email and then clicked the **Unsubscribe** link in the email.
- **Date unsubscribed:** the date on which the customer clicked the **Unsubscribe** link and opted out.
- **Last email:** the subject of the email in which the customer clicked the **Unsubscribe** link.

Price tier enhancements

Previously, we enhanced the tuition-level early-bird price-tier function to allow agency users to configure up to 30 price tiers. Now, this feature has been renamed:

- In a season > **Setup** > **Sessions** step > a session > **Base tuition**, the **Early bird pricing** title has been renamed to **Price tiers**:

Base tuition

If multiple tuitions are available, then registrants may choose more than one tuition.
