CUI: Disable Auto-filling of the Grade Field

To reduce confusion during customers' online site registrations, when consumers fill out the Online Site > **Registration information** form for the first time, the **PARTICIPANTS & OPTIONS** section > a participant > **Grade** field is no longer auto-filled.

After filling and saving the form, if consumers need to make any changes, then the **Grade** value that they have previously selected is displayed in the edit-form view.
