ACTIVE Captivate for Camps and Class Manager (CCM) Release Notes

New features

Photo management

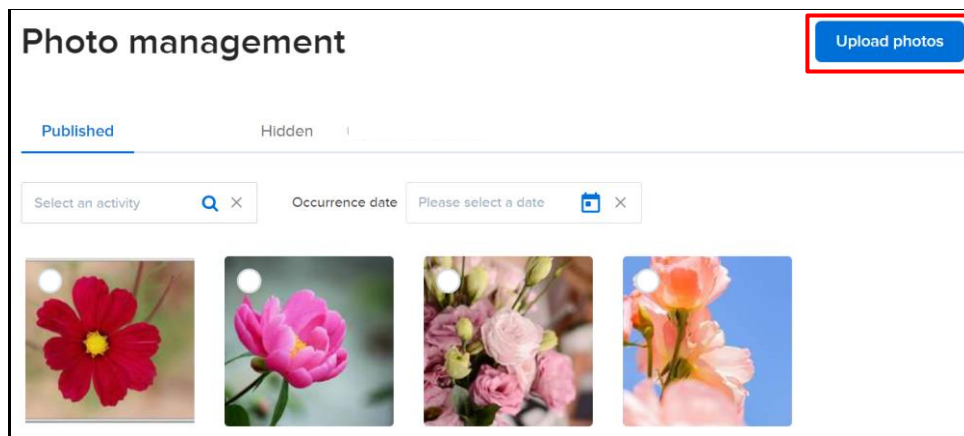

In the last release of the ACTIVE Captivate Portal, agency users can manage the publishing of photos (on the new **Activity setup > Photo management** page) to the ACTIVE Captivate app:

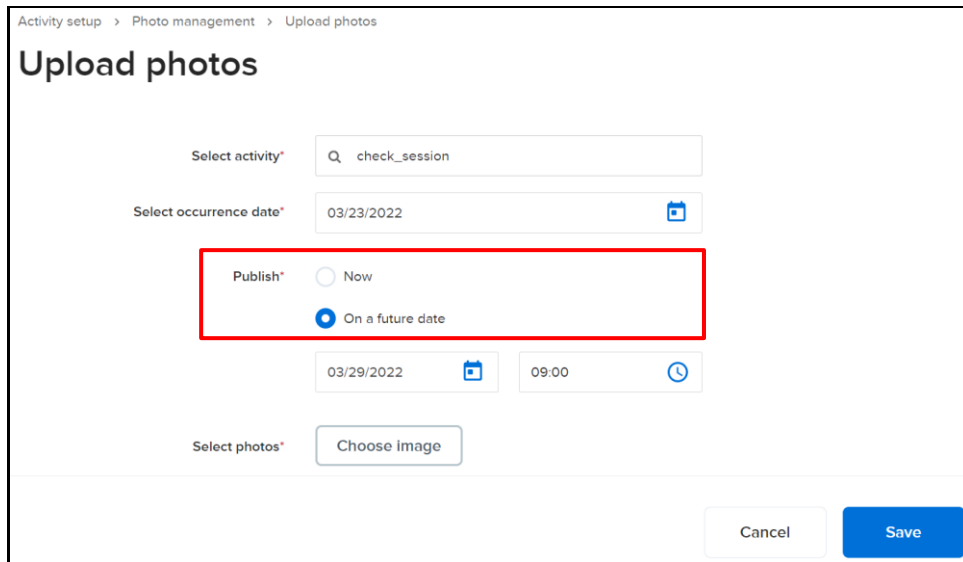

Schedule publishing of photos

In this release, when uploading photos, agency users can now select to publish the photos:

- **Now**, which immediately moves the uploaded photos to the **Published** tab and publishes them to the ACTIVE Captivate app.
- **On a future date**, which moves the uploaded photos to the **Scheduled** tab and publishes them to the ACTIVE Captivate app on the selected date.

Manage hidden photos

Photos hidden from ACTIVE Captivate app users are listed under the **Hidden** tab. Agency users can select photos to:

- **Unhide**, which immediately moves the selected photos to the **Published** tab and publishes them to the ACTIVE Captivate app.

Notification management: select multiple activities

When creating or editing notifications (on the **Front desk > Notifications** page) sent to registrants of selected activities, agency users can now select multiple activities:
