ACTIVE Captivate for Camps and Class Manager (CCM) Release Notes

New features

Photo management enhancements

In this release, the ACTIVE Captivate Portal > **Photo management** feature has the following enhancements:

Preview hidden photos

Agency users can now preview hidden photos with the photo's details including publishing time, upload time, activity name, **Activity date** and status (**Hidden**):

Agency users can **Unhide** or **Delete** the photo.

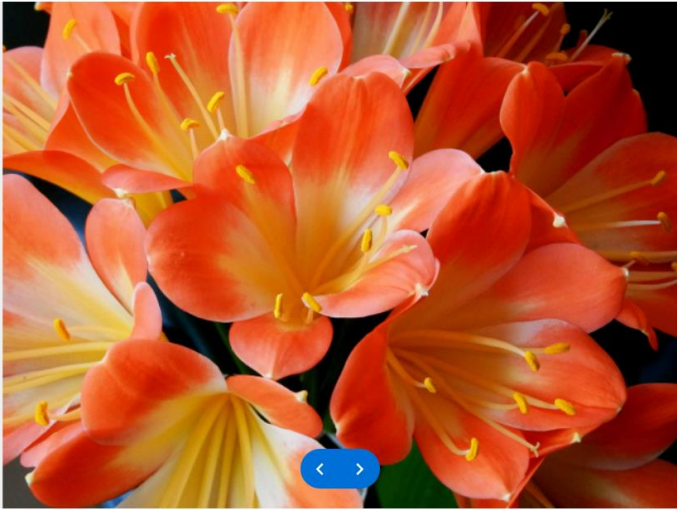

View photo statistics

When previewing a photo, agency users can now see the number of app users who:

- viewed this photo
- marked this photo as a favorite
- downloaded this photo
- shared this photo with their friends
