ACTIVE Captivate for Camps and Class Manager (CCM) Release Notes

ACTIVE Captivate instructor iOS app v1.1

Send notifications

Instructors can now use the ACTIVE Captivate instructor app to send notifications to the ACTIVE Captivate consumer app.

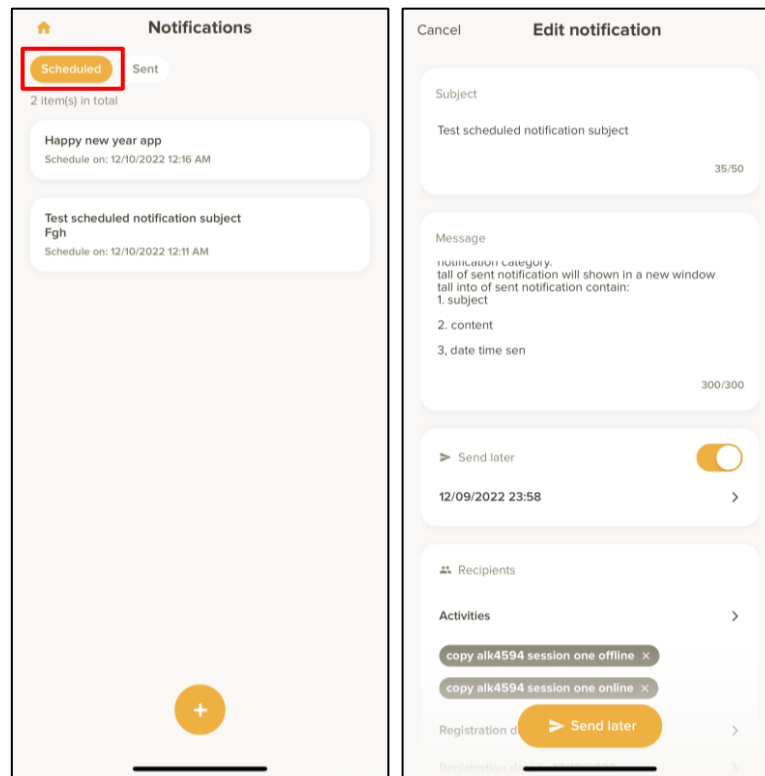

ACTIVE Captivate instructor app: Create notifications

In the ACTIVE Captivate instructor app, instructors can create and send notifications to the ACTIVE Captivate consumer app by tapping the **Notifications** > **+** icon and then:

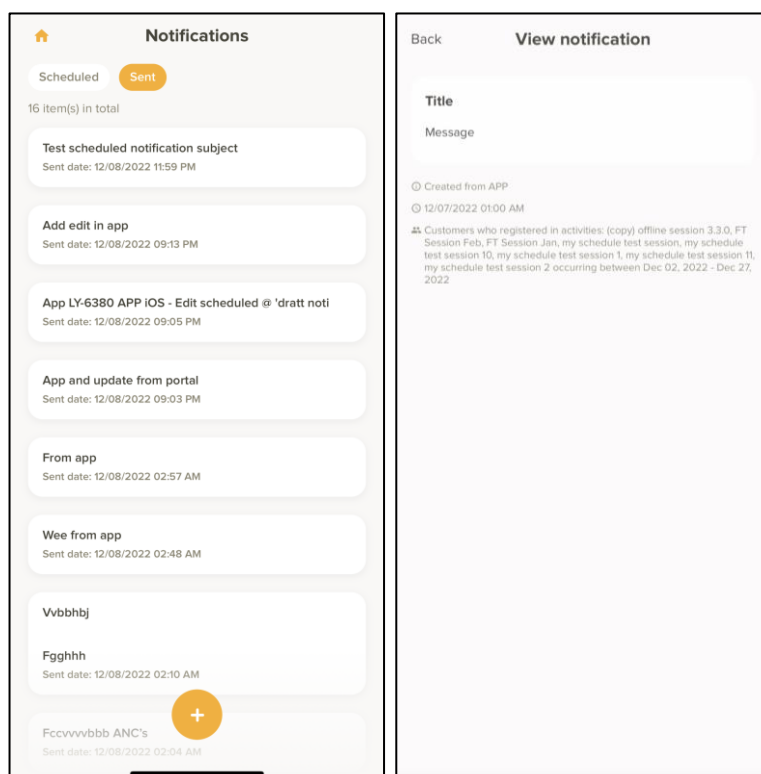

1. Entering the notification **Subject**.
2. Entering the notification **Message**.
3. (Optional) To send the notification later, switch on **Send later**.
4. In the **Recipients** section, selecting the required **Activities** and registration date range in which participants registered.
5. Sending the notification by tapping the **Send now** or **Send later** button.
 - Notifications set to **Send later** can be edited under the **Scheduled** tab:

ACTIVE Captivate for Camps and Class Manager (CCM) Release Notes

- Notifications which have been sent are no longer editable. To view sent notifications, tap the **Sent** tab:

Note: In the ACTIVE Captivate instructor app, instructors can only view notifications created by themselves.

ACTIVE Captivate for Camps and Class Manager (CCM) Release Notes

ACTIVE Captivate consumer app: View notifications

In the ACTIVE Captivate consumer app, consumers can view notifications sent from the ACTIVE Captivate instructor app or the ACTIVE Captivate portal by tapping the **Messages** icon:
