Camp and Class Manager Release Notes

Self-transfer using a mobile phone

For sessions that have been configured in the AUI to allow self-transfer, consumers can now transfer their registration from one Session to another from within their online accounts (SSUI) using a mobile phone, in the same manner as when using a browser on a PC.

For more information, refer to [Camp and Class Manager 14.5 Release Notes](#).

In the SSUI, to self-transfer a Session, a registrant who registered for an eligible Session can:

1. Select the transfer-out Session by navigating to the SSUI homepage > **Current & Upcoming** tab > identify the Session they want to transfer out of > **☰** icon > **Transfer** link:

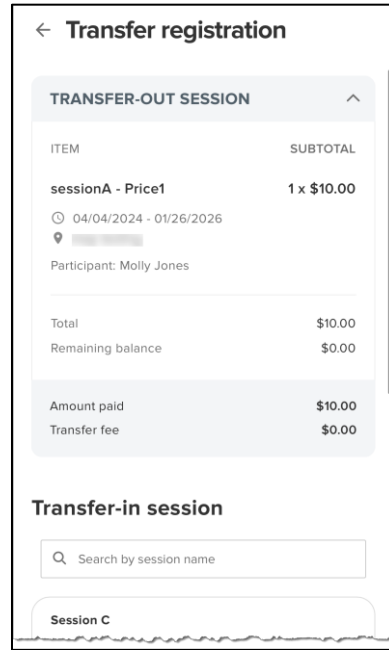

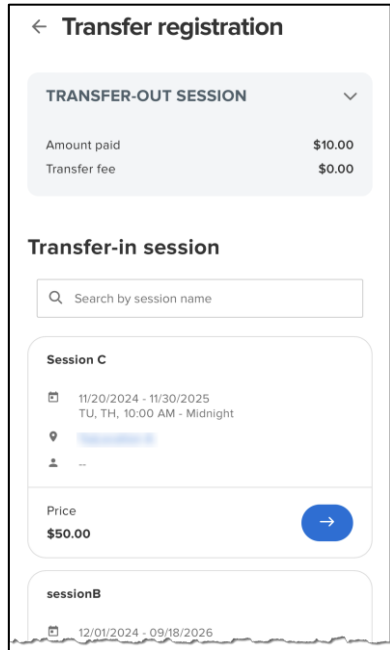

Note: The **Transfer** link is enabled only when the following conditions are met:

- The season-level **Allow self-transfer** toggle in the AUI is ON.
 - The selected Session is eligible for self-transfer as defined by the transfer-out rules for the Season and is within the configured date ranges for the applicable rule.
 - The registration is not on a waitlist and has no chargebacks.
 - The Session dates are either current or in the future.
2. On the **Transfer registration** page, the registrant is presented with the transfer-out Session information and a list of eligible Sessions to transfer into. The list displays Session details to help registrants find the program they are interested in.
 - The registrant can expand the **TRANSFER-OUT SESSION** section to view the Session information and the **Total, Remaining balance, Amount paid** and **Transfer fee**:
