ACTIVE Captivate for Camps and Class Manager (CCM) Release Notes

ACTIVE Captivate Portal Site: sending a fitness challenge to registrants of a specific activity

In the ACTIVE Captivate Portal Site, staff can now send a fitness challenge to registrants of a specific activity by clicking the **Challenges > Challenge management > Create a challenge > Registrants:**

The screenshot shows a web form for creating a challenge. The form is titled "Challenge name*" and has a text input field. Below it, "Challenge type*" has two radio buttons: "Fitness" (selected) and "Attendance". The "Goal*" section has a dropdown menu set to "Step count" and a text input field labeled "Steps". "Reward details*" has a text area. "Badge image*" has a preview of a badge and a "+" button. "Challenge starts from*" has "Start date" and "Start time" pickers. "Challenge ends*" has "By date and time" selected, with "End date" and "End time" pickers, and an unselected option "By the number of customers who meet the goal". "Sign-up ends*" has "By date and time" selected, with "End date" and "End time" pickers, and an unselected option "When the challenge ends". The "Invitees*" section has "All customers" and "Registrants" (selected) radio buttons. Below "Registrants" is a search box "Q, Select an activity" with a clear button. At the bottom of the form is a "Use code to participate" option with a text input field "Use 5 to 20 numbers or letters". At the bottom right of the form are three buttons: "Cancel", "Save as draft", and "Publish".
