ACTIVE Connect for Camps and Class Manager (CCM) Release Notes

Contents

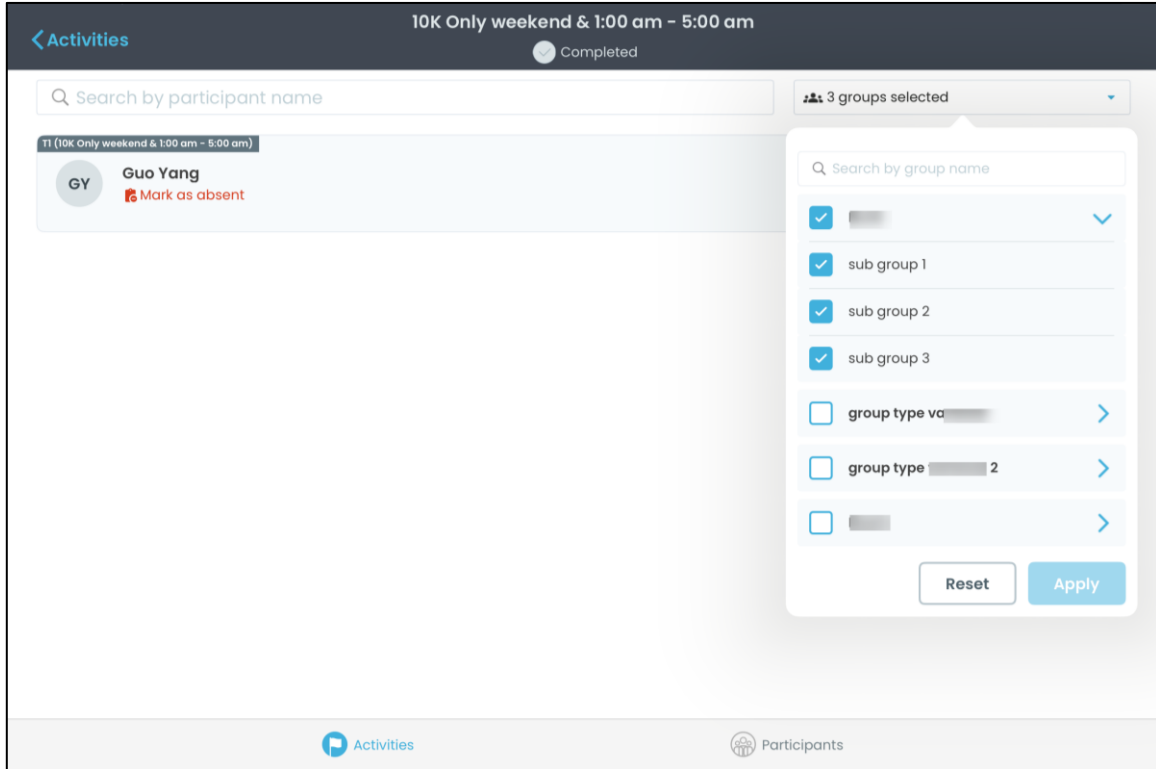

Filtering participants by group assignments and groups	3
Selecting a date to check in or check out	5

ACTIVE Connect for Camps and Class Manager (CCM) Release Notes

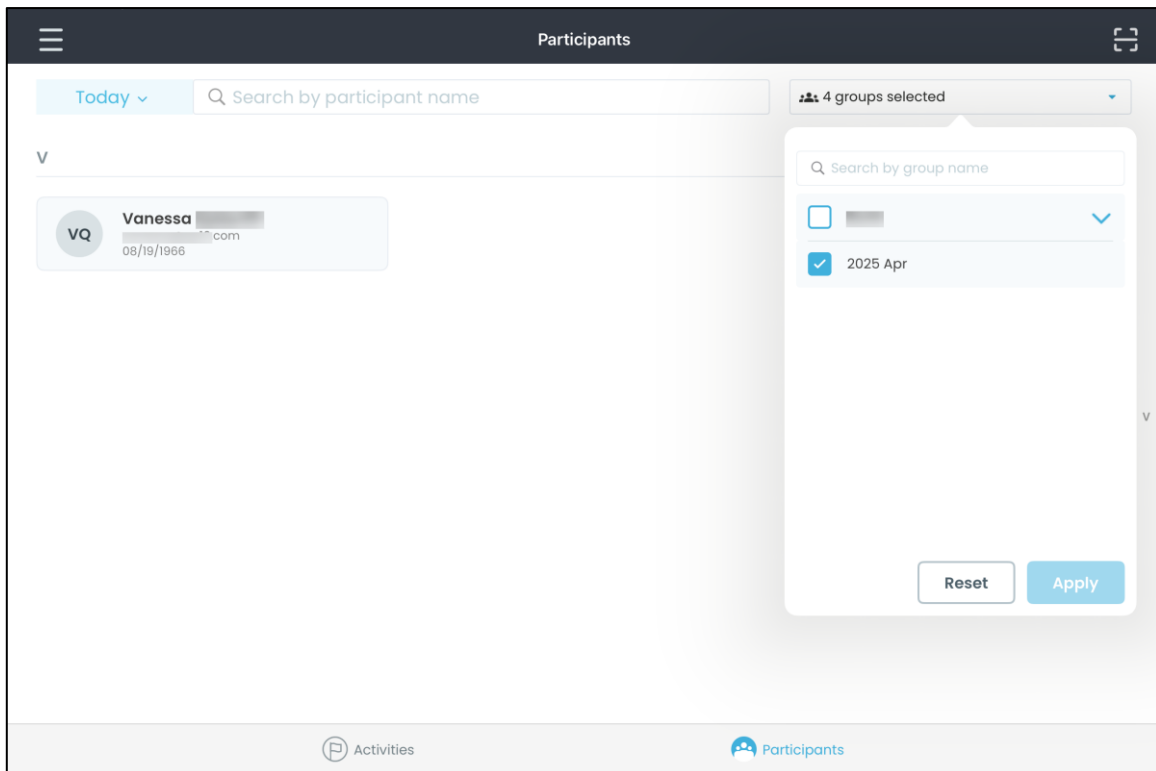

Filtering participants by group assignments and groups

In the ACTIVE Connect iOS and Android apps, staff users can now open the **Select groups** dropdown in the following locations, optionally apply necessary search criteria, then select the desired group assignment(s) or group(s) and tap the **Apply** button to filter participants.

- **Activities tab** > select a Session > **Select groups** dropdown

- **Participants tab** > **Select groups** dropdown

To clear the selected search criteria, staff users can tap the **Reset** button.

Selecting a date to check in or check out

In the ACTIVE Connect iOS and Android apps, staff users can now navigate to the **Participants** tab and select a date to check in or check out either manually or by scanning the QR code.

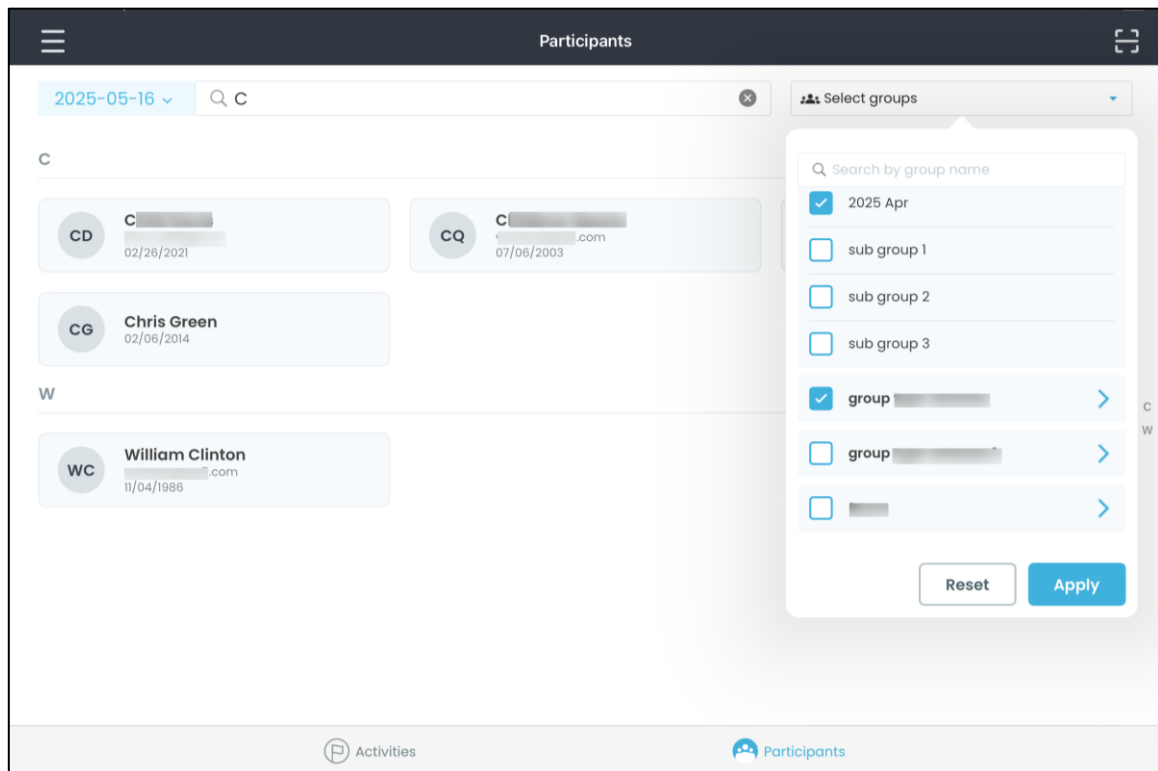

- To manually select a participant to check in or check out:

1. select **Today** or a different date.

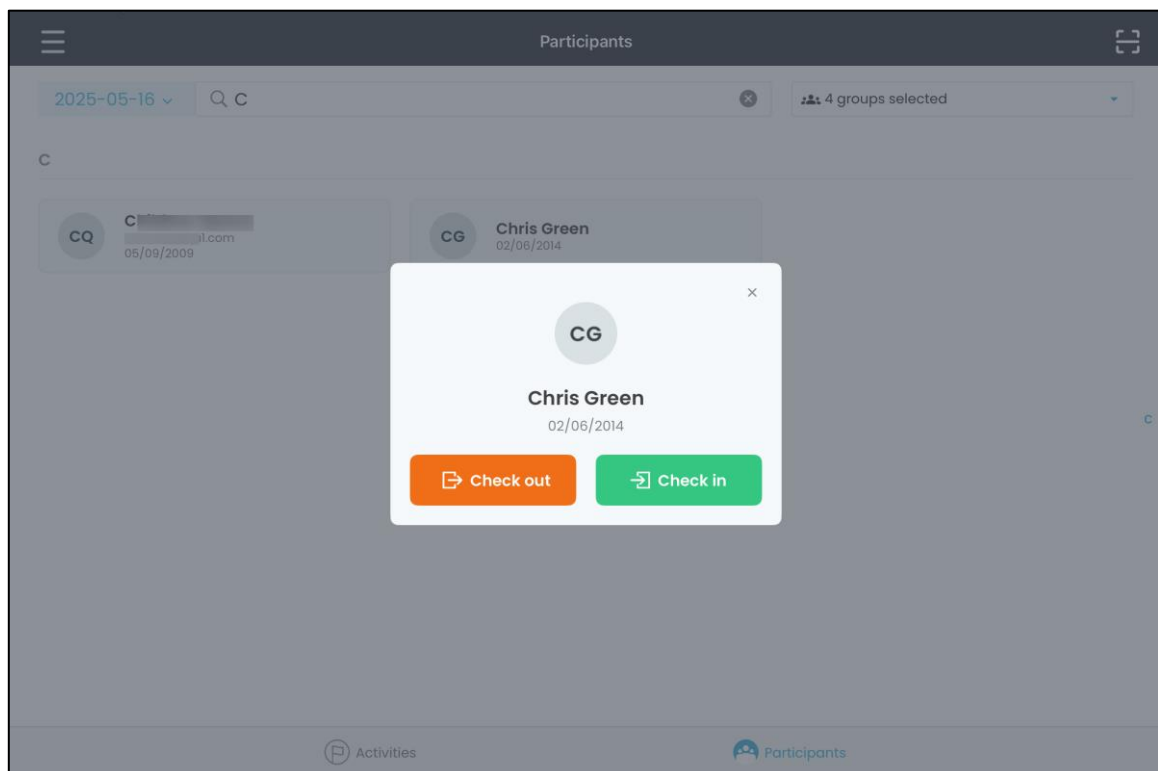

2. (optional) filter participants by group assignments and groups.

ACTIVE Connect for Camps and Class Manager (CCM) Release Notes

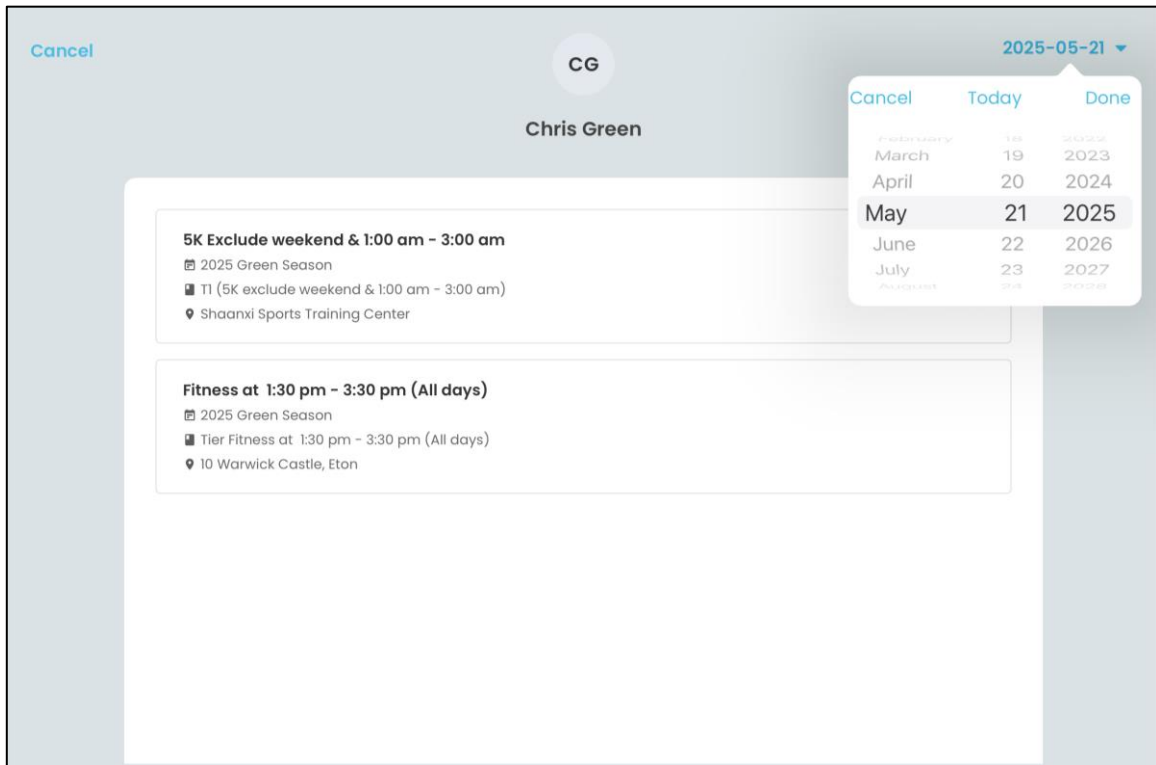

3. select the required participant from a list of participants and tap the **Check in** or **Check out** button.

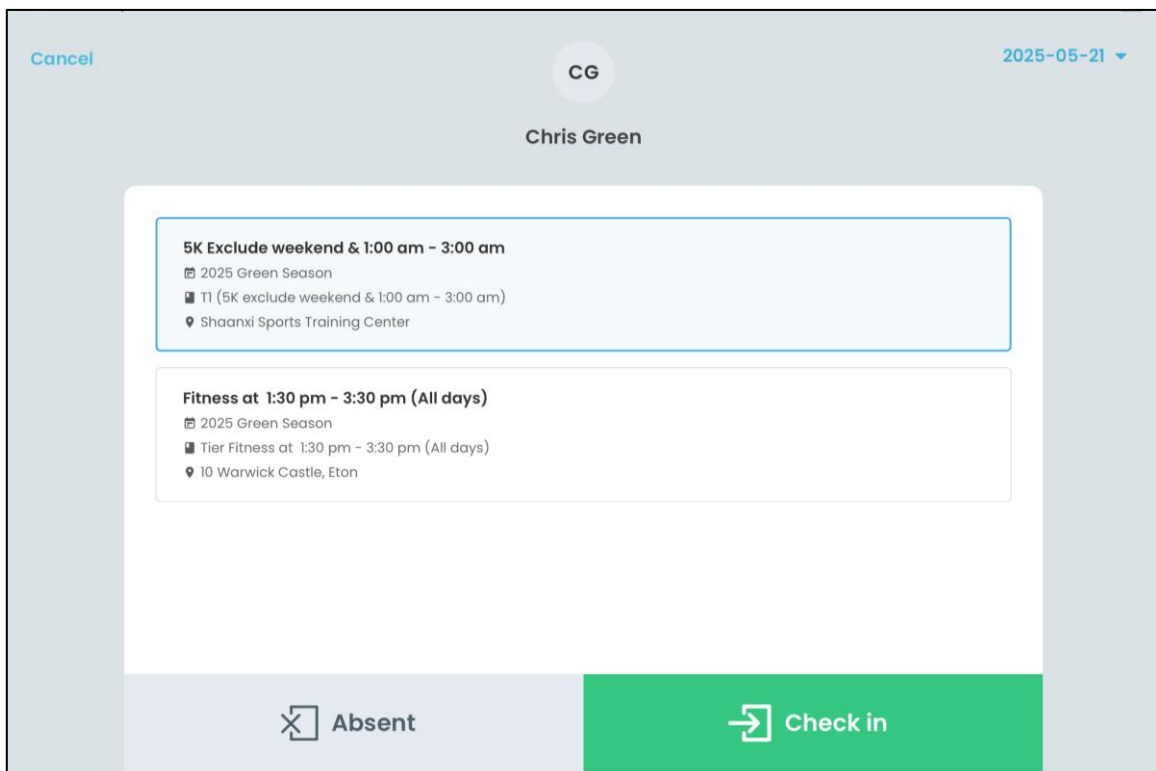

4. (optional) select a different date to view the session list on the selected date.

ACTIVE Connect for Camps and Class Manager (CCM) Release Notes

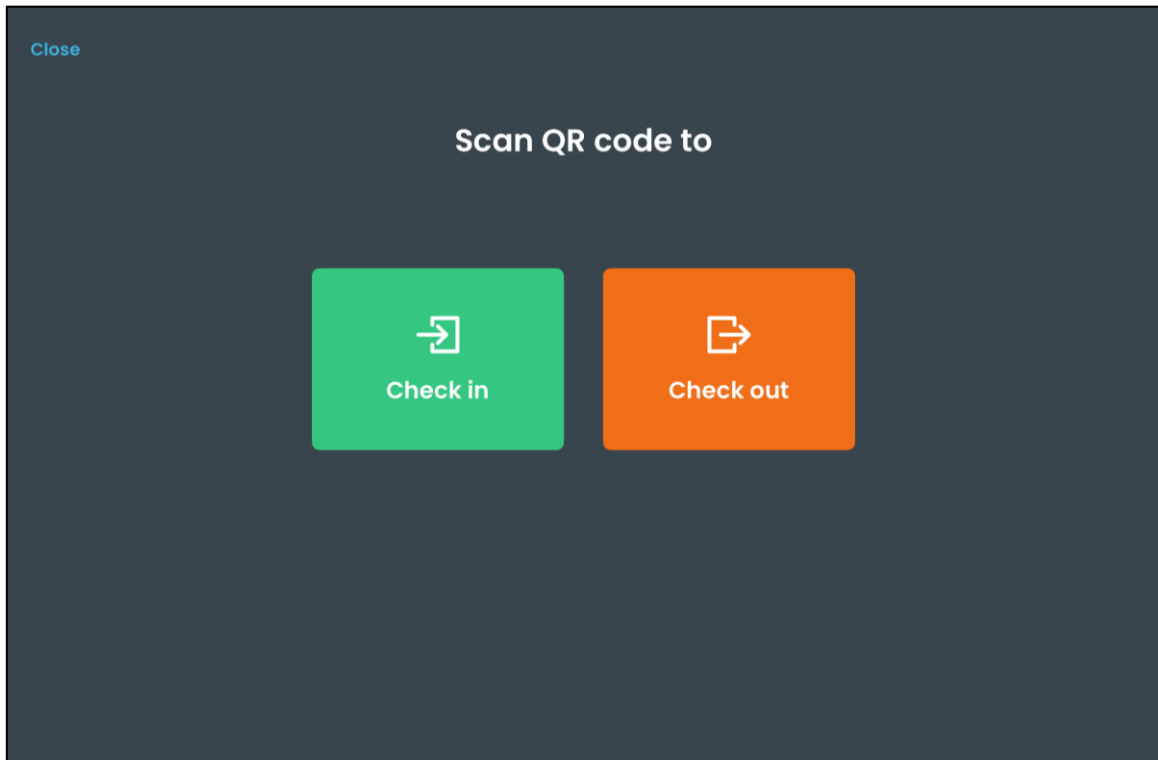

- select the required session and tap the **Check in** or **Check out** button. Note that users can also tap the **Absent** button on the check-in page.

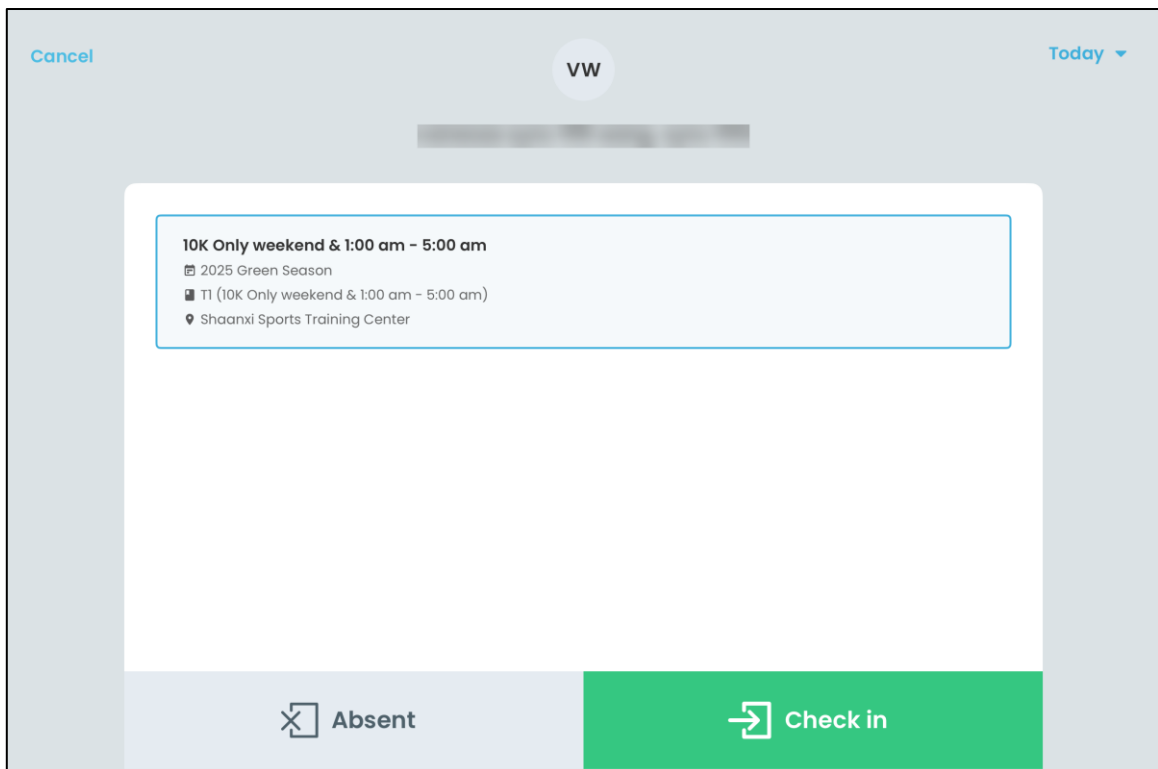

- To scan the QR code of a participant to check in or check out:
 - tap the scan  icon in the upper right corner of the screen and click **Check in** or **Check out**.
