Camp and Class Manager Release Notes

Displaying Order Notes in the Receipt Emails

Previously, Order Notes created by agency users for a transaction could be displayed in the SSUI, AUI and Confirmation Emails. With this release, agency users can now configure the system to display Order Notes in the Receipt Emails.

To enable this feature, admin users must:

- Toggle the AUI header >  Settings > **Advanced settings** > **Order notes** option on.
- Select the **Receipt Emails** checkbox.

Then the Order Notes added by users during order registration or editing are included in the Receipt Emails sent to the registrant upon order completion.

Note:

- The **Receipt Emails** checkbox does not modify the current email sending behavior.
- Order notes are not included in the resent Receipt Emails.
