ACTIVEWorks

Product Release Notes for ACTIVEWorks Endurance – Nov. 9, 2016

Table of Contents

Event Dashboard & Participant Info Enhancements 2

Controlling Team Size 2

Social Referrals Dashboard 3

Event Dashboard & Participant Info Enhancements

It's an unwritten rule that users should be able to find any information on a website with no more than a couple of clicks. This is no different for event organizers who are needing to easily access key details beyond a basic dashboard. ACTIVEWorks Endurance now reduces hopping between pages and gets you closer to what you want to see.

- When organizers open their event dashboard, all current events are listed on the page, without the need to filter by event status.
- When organizers search for a participant and only a single result is returned, the participant details page opens directly, instead of displaying the search result on the People page.
- When organizers view a participant's details, all his/her registrations are listed, with no need to filter between upcoming and historical events.

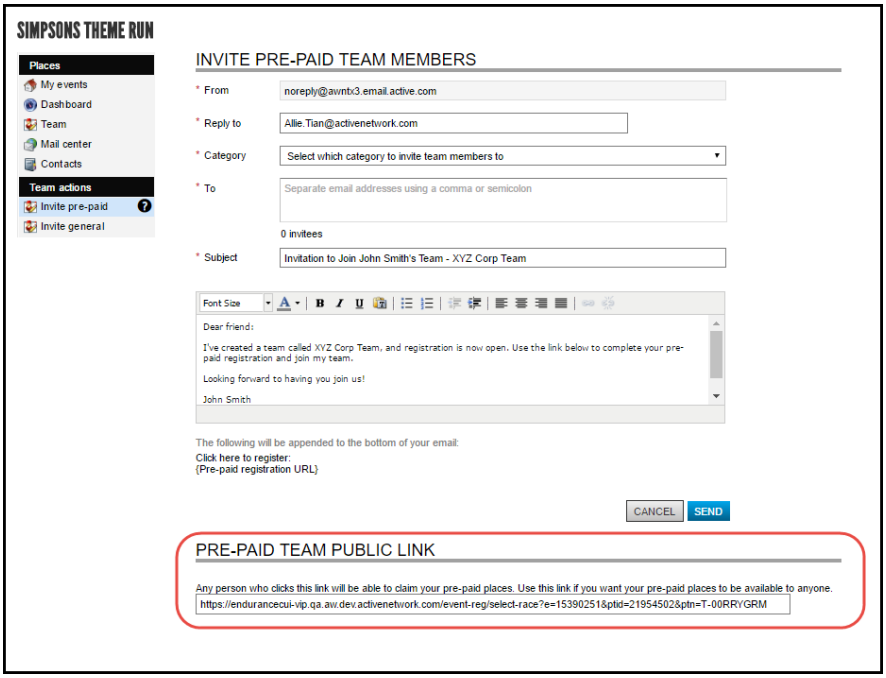
Save time with smart navigation in ACTIVEWorks Endurance!

Controlling Team Size

Limit the size of your teams with additional improvements to the corporate and hidden team function. (This feature will continue to be enhanced through the end of 2016.)

Now, event organizers can restrict team captains from sending general team invites, so that the team will not grow unexpectedly.

Also, if a team has prepaid slots, the team captain can now share the prepaid slots with the public, so that anyone can claim a slot on the team.



Social Referrals Dashboard

Looking for an easy way to check the success of your social referral program? Now, we have summarized the data into a visual chart on the new Social Referral Program pane on the event dashboard. Easily see:

- Summary metrics for total revenue and total registrations brought in through referrals
- Percent distribution of referrals by Facebook, Twitter, Email and Other social referral channels

Quickly and clearly see from where you get the bulk of your referrals!
