Course Maps for Categories	4

Referral Rebate

Continuing the improvements in the past two releases to social referral tracking, the CRM tool in ACTIVEWorks Endurance can now filter participants by their social influence rating, helping you quickly identify and communicate with your most influential participants.

Campaign status per rebate level is also available to organizers using the social referral rebate tool.

1. Filtering participants by influence rating

Organizers using the CRM tool can now filter participants by whether their influence rating is less than, equal to or greater than 0 to 5 stars.

The screenshot shows the 'People' section of the ACTIVEWorks CRM interface. The top navigation bar includes links for HOME, PEOPLE (active), VOLUNTEER, FINANCIALS, EMAIL, GLOBAL MERCHANDISE, GLOBAL DISCOUNT, and RACE PASS. Below the navigation bar, the 'People' section has tabs for 'People list' and 'Custom segment'. A filter bar indicates 'People who match all of the following conditions'. A dropdown menu for 'Influence' is open, showing options for 0 to 5 stars. The filter is set to 'less than' and '5 stars'. A 'Search' button is visible.

2. Campaign status per rebate level

The Multi-person discount list now displays the number of rebate-qualified registrants versus the total number of event registrants per rebate level.

The screenshot shows the 'Simpsons Theme Run' page in the ACTIVEWorks CRM. The top navigation bar includes links for Dashboard, Setup, Participants, Invitations, Teams, Tools, Reports, and Express registrations. The 'Discounts' section is active, showing a table of discounts. The table has columns for NAME, START DATE, END DATE, DESCRIPTION, and DISCOUNT USED/MAX. A row is highlighted for 'Social Referral Rebate'.

	NAME	START DATE	END DATE	DESCRIPTION	DISCOUNT USED/MAX
<input type="checkbox"/>	Social Referral Rebate	8/7/2016	8/31/2016	Social Referral Rebate setting relocated from event setup step 2.	\$15.00 rebate: 0/4 \$20.00 rebate: 0/4 \$35.00 rebate: 0/4

Flexible Email Copy

A small feature to save you time and effort! Click the **Copy** button in the new email tool to duplicate a past email, so that you no longer have to draft a similar email from scratch.

Email

ACTIVE Works' email service enables you to send emails to large groups of recipients to promote your organization and drive registration. Robust reporting tools feature detailed metrics to help you evaluate the effectiveness of your email communications.

To edit or view an email, select it from the list.

<input type="checkbox"/>	test	Draft	-	8/18/2016	test	0	0	0

Improved Volunteer Captain Onboarding

For customers using our volunteer management solution, this release improves the volunteer captain onboarding process.

When a person is invited to be a volunteer captain and the invitee clicks the **Get started** or **Log in** links in the invitation emails, ACTIVEWorks Endurance will now check if the email address is already registered in ACTIVE. If not, then the invitee will first be prompted to create an ACTIVE account, and can then accept the invitation.

Course Maps for Categories

Continuing support for multisport events such as triathlons and duathlons, you can now use our course map tool to plot a map for each distance or category. Now it is possible to use the Event App for events with 5k running, half-marathon and full-marathon all in one event.
