Event registration: Donation enhancements

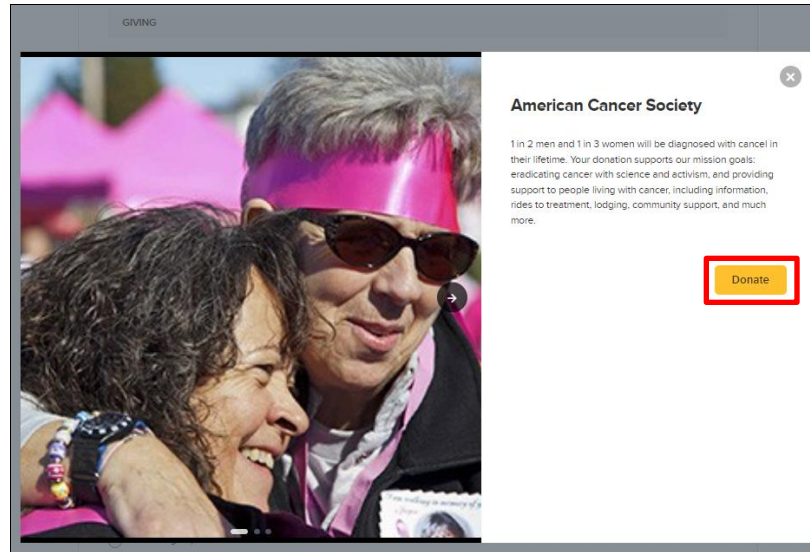

In the registration flow, the donation section has been redesigned to improve your customers' experience:

- The **Fundraise** dropdown has been changed to radio buttons.
- Added a **Proceed without donating** option when a donation is configured as optional.
- Added a **Donate** button on the charity description page so that your customers can directly donate.

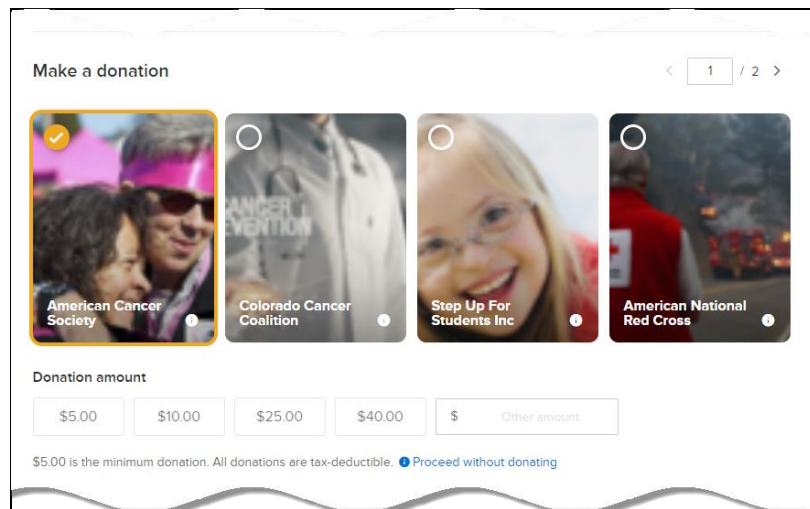

The screenshot displays the 'Registration' page in the 'COMPLETE FORM' stage. The 'GIVING' section is highlighted with a red border and contains the following elements:

- Fundraise** section with the text: "Start your fundraising journey today by selecting for your chosen charity in the drop down. Your personal fundraising page with JustGiving will be created at the end of this registration."
- Two radio buttons: "Not fundraising" (unselected) and "Fundraising" (selected).
- A dropdown menu currently showing "Sc Test Prep".

Below the 'Fundraise' section is the "Make a donation" section, which includes a carousel of four charity cards: American Cancer Society, Colorado Cancer Coalition, Step Up For Students Inc, and American National Red Cross. Underneath the carousel is a "Donation amount" section with buttons for \$5.00, \$10.00, \$25.00, \$40.00, and an "Other amount" field. At the bottom of the donation section, there is a link labeled "Proceed without donating" which is also highlighted with a red border. A note below the donation amount buttons states: "\$5.00 is the minimum donation. All donations are tax-deductible."

After clicking **Donate**, this charity will become selected:

Configure the non-participating team captain capacity

You can now configure the capacity for the **Non-participating team captain** price type in the event (this capacity is independent of all other capacities you might set up) > **Setup** > **Registration categories** > creating or editing a **Non-participating team captain** price type:
