## Customizing templates for CUI events registration forms

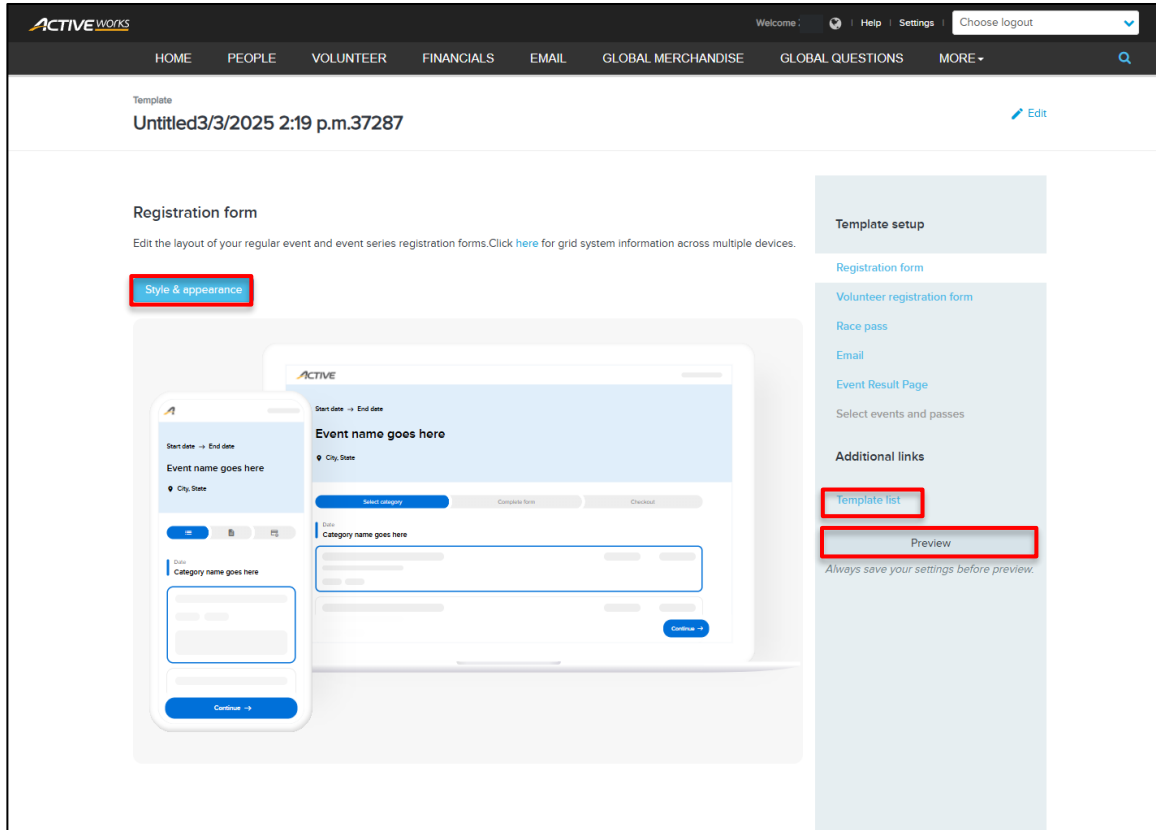

Customizing CUI event registration forms is now easier than ever—no coding required. The **AUI > Settings > Custom Branding** page now offers powerful new template customization features, giving agency users full creative control. Contact your account manager to activate these enhancements today!

Note that the following template customization features do not apply to templates created with previous releases.

To create or edit a template, agency user can click the **AUI > Settings > Custom branding > Create** or select a template > **Registration form > Style & appearance**.

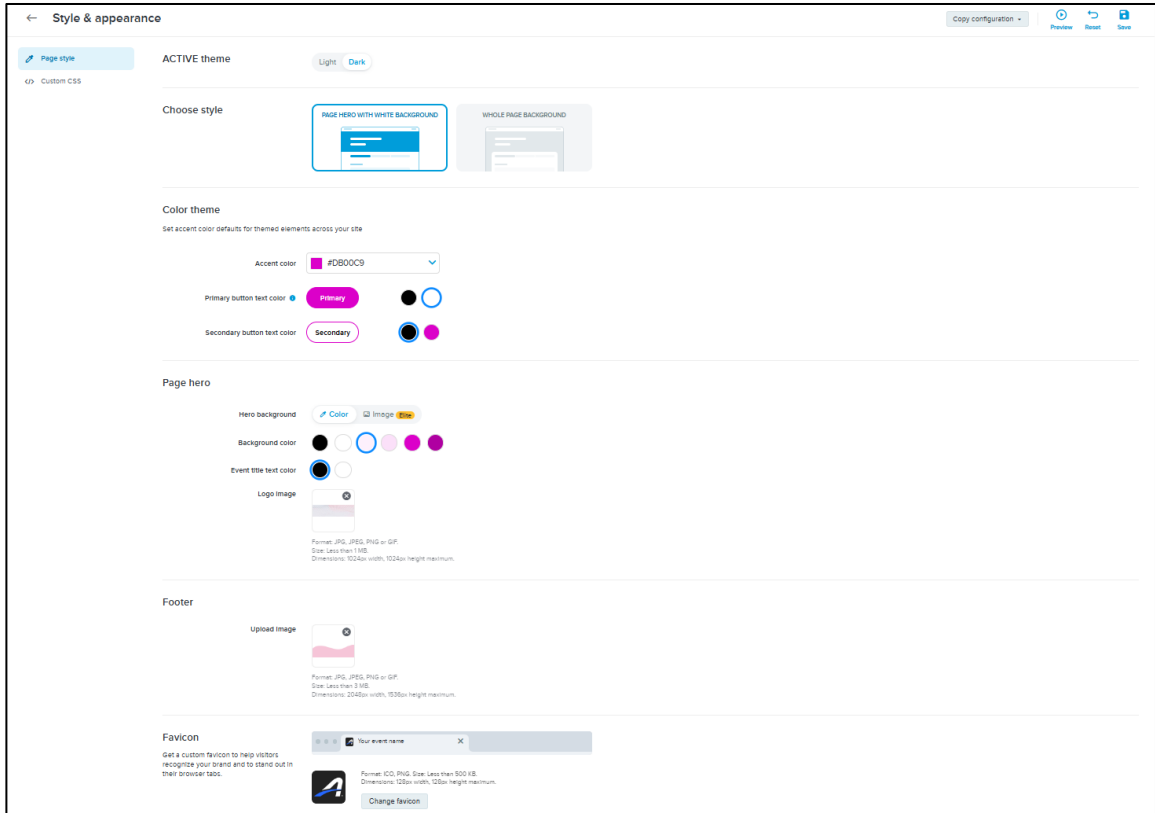

On the **Registration form** page, the preview images display the current page style. To preview the template in the CUI, agency users can click **Preview** and select an event.

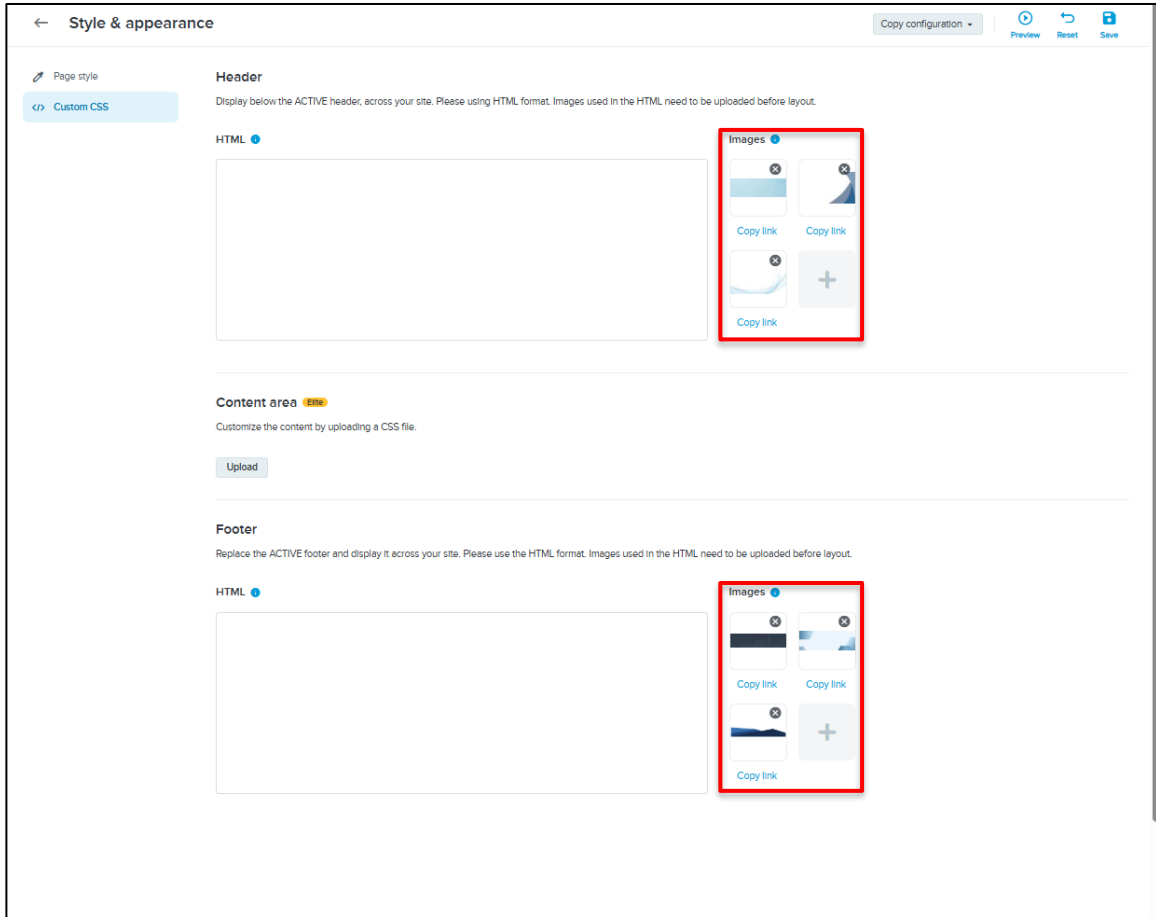

In the **Page style** tab > :

- **ACTIVE theme** section, agency users can choose **Light** or **Dark**.
- **Choose style** section, agency users can choose **PAGE HERO WITH WHITE BACKGROUND** or **WHOLE PAGE BACKGROUND**.
- **Color theme** section, agency users can:
  - select **Accent color** from the palette.
  - set **Primary button text color** to black or white.
  - set **Secondary button text color** to black or the accent color.
- **Page hero** section, agency users can:
  - set **Hero background** to **Color** and select black, white or another color close to the accent color or set **Hero background** to **Image** (for elite users only) and then select a **Background image**, set **Overlay** to **None** or **Mask**, and enable or disable the **Hide event info** switch.
  - set **Event title text color** to black or white.
  - add up to **6 Logo images**.
- **Footer** section, agency users can **Upload image**.
- **Favicon** section, agency users can click **Change favicon** to upload an image.

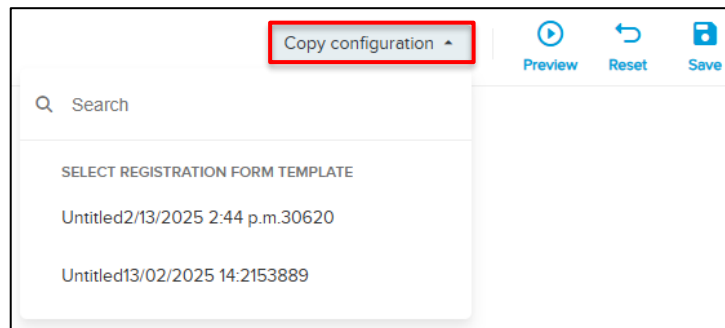

In the **Custom CSS** tab > :

- **Header** section, agency users can copy the link of an uploaded image by clicking **Copy link** and paste it to the HTML input field.
- **Footer** section, agency users can copy the link of an uploaded image by clicking **Copy link** and paste it to the HTML input field.

On the top-right corner of the **Style & appearance** page, agency users can click:

- **Copy configuration** to select an existing template and copy the configuration to a new template.  
Note that this feature does not apply to templates created with previous releases.

- **Preview to Choose event to preview.**
