USA Swimming integration: Sync Now button..... 2

USA Swimming integration: Sync Now button

On the **Account > Account settings > USA Swimming Membership Integration** page, coaches can now synchronize the status of their athletes in AW Swimming with USA Swimming by clicking the **Sync Now** button:

The screenshot shows the 'USA Swimming Membership Integration' page in the ActiveSwimManager interface. The page header includes the logo and navigation tabs: HOME, ATTENDANCE, PEOPLE, VOLUNTEERS, COMMUNICATIONS, REPORTS, TOOLS. The main content area features the USA Swimming logo and the title 'USA Swimming Membership Integration'. Below the title is the text 'Bind to USA Swimming for data synchronization'. A green bar indicates 'Bound to Member data synchronization'. Below this, it shows 'Club activation: DCAA' and two buttons: 'Unbind' and 'Sync Now'. A sidebar on the right contains navigation links for Account settings, Organization, Agency locations, Payment accounts, Custom skin, Users, and USA Swimming Membership Integration.

Synchronizing memberships

Your request has been successfully received and will take effect within the next 1-2 minutes. Please note that this process may take a few moments to complete.

Important: To ensure a smooth syncing experience and maintain system performance, we kindly request that you avoid syncing your membership data too frequently. Frequent sync requests may cause delays or disruptions in service. We recommend syncing your data only when necessary or as instructed by our support team.
